

Ruihua Wang

Email: ruihua.w@outlook.com ORCID: [0009-0006-9876-4106](https://orcid.org/0009-0006-9876-4106)

Employment

- 2025–present** *Lecturer*, Fundamental Science, Hainan Bielefeld University of Applied Sciences (BiUH).
2023–2025 *Senior Engineer & Product Manager*, Huawei.

Education

- 2022** *Ph.D. in Mathematics*, Leiden University.
Supervisors: [David Holmes](#), [Robin de Jong](#).
2018 *M.S. in Mathematics*, Shandong University.
Supervisor: [Jianya Liu](#).
2015 *B.S. in Mathematics from Hua Loo-Keng Talent Program*, Shandong University.
Thesis Supervisor: [Ye Tian](#).

Publications

- [1] *Large values of quadratic character sums revisited* (with Zikang Dong, Weijia Wang, and Hao Zhang), submitted for publication, [arXiv:2512.24147](#).
[2] *Note on large quadratic character sums* (with Zikang Dong, Yutong Song, and Shengbo Zhao), submitted for publication, [arXiv:2510.09005](#)

Grants and Awards

- 2026** Four Talents Gathering Plan, Hainan Province.
2026 High-level Talent for Hainan Free Trade Port (Category E), Hainan Province.
2018–2022 CSC Scholarship.
2012 *2nd prize*, The Chinese Mathematics (preliminary) Competitions.
2012 *2nd prize*, The Shandong Mathematics Competitions.
2011 *2nd prize*, The National Mathematical Olympiad in Senior.

Seminars and Talks

- 2026** *Large Values of Quadratic Character Sums*, Shandong University (Weihai).
2026 *Large Values of Quadratic Character Sums*, Shandong University (Jinan).
2026 *Explicit computation of the Beilinson–Bloch height for non-hyperelliptic curves* Number Theory Seminar, Soochow University.
2023 *Number theory from scratch* Knowledge Sharing Colloquium, Shanghai.
2020 *Log geometry seminar*, Leiden University.
2020 *On excellent rings* Topics in algebraic geometry, Leiden University.

2019	<i>Étale cohomology seminar</i> University of Amsterdam.
2019	<i>On the T^i functors and formal smoothness</i> Topics in algebraic geometry, Leiden University.
2019	<i>On analysis and moduli</i> Around Moduli Spaces, Saarland University.
2017	<i>Advanced analytic number theory, two talks on Möbius disjointness</i> , Shandong University.

Conferences and Research Visits

2026	<i>The 5th International Workshop on Multiple Zeta Values and Related Fields</i> , Changsha.
2022	<i>International Congress of Mathematicians (ICM 2022)</i> , Zürich.
2021	<i>CMI-HIMR Summer School in Computational Number Theory</i> , Bristol.
2020	<i>Arizona Winter School in Nonabelian Chabauty</i> , Tucson.
2019	<i>Non-Archimedean and Tropical Geometry</i> , Regensburg.
2018-2022	<i>Diamant Symposium (annually)</i> , The Netherlands.
2018-2022	<i>Intercity Number theory/ Geometry Seminar (regularly)</i> , The Netherlands.
2018-2022	<i>Netherlands Mathematical Congress (annually)</i> , The Netherlands.
2014-2015	<i>Exchange program to Chinese Academy of Science supervised by Ye Tian</i> , Beijing.

Teaching

2026	<i>Math I (Single Variable Calculus)</i> , Instructor, BiUH.
2026	<i>Math II (Multivariable Calculus and Linear Algebra)</i> , Instructor, BiUH.
2025	<i>Math I (Single Variable Calculus)</i> , Instructor, BiUH.
2021	<i>Algebraic Curves</i> , TA, Leiden University.
2017	<i>PDE</i> , TA, Shandong University.
2016	<i>Basic Number Theory</i> , TA, Shandong University.

Student Supervision

2026	<i>Intern mentor (Crazy Sports Group Limited)</i>
2025	<i>Intern mentor (Crazy Sports Group Limited)</i>

Skills

Languages	Chinese (native), English (fluent).
Programming	L ^A T _E X; SageMath; Magma; Python.
